

# **THE MANNY CARVALHO FOUNDATION**

Manuel “Manny” Carvalho was a kind, energetic child with a loving and friendly disposition that was always willing to help others. He enjoyed tennis, video games, and Star Wars. Manny was that boy who ran to open doors for strangers, helped you carry a load to your car, or walked a friend to class.

The Manny Carvalho Foundation is dedicated to embodying the kindness and compassion that defined Manny’s character by making a positive impact on the lives of others. The Foundation’s mission is to support children on the Big Island of Hawaii through tennis programs, science programs, and aid for children in need, helping to foster growth, opportunity, and well-being for the island’s youth.
