Grant Application Information for General Operating Support

I. Policy

Applications for grants are accepted by the Committee on Beneficiaries from qualified tax-exempt 501(c)(3), charitable organizations. The Committee's general policy is to confine grants to organizations within the State of Hawaii.

Although the Trust is broad-purposed, it does not make grants to individuals, nor for reserve purposes, endowments, or deficit financing. No multiple-year pledges are made for programs or capital projects. Generally grants will not be made to government agencies, nor to organizations supported substantially by government funds, nor to organizations that "re-grant" G. N. Wilcox Trust funds.

The Committee on Beneficiaries will consider only one request a year from an organization. A new request will not be entertained if a prior pledge or report is still outstanding. The exception to this policy is a tuition aid program (separate guidelines available) which may be considered in addition to one other request from a school.

NOTE: General Operating support is usually provided to Kauai organizations that have an established relationship with G. N. Wilcox Trust.

II. General Information

a. Board of Directors

In order to be successful in accomplishing its purposes, a charitable organization generally must have community and business support, rather than relying solely on foundations or government funding.

For this reason the Committee on Beneficiaries pays particular attention to how active members of an organization's board of directors carry out their responsibilities to the organization.

In the interest of public causes, G. N. Wilcox Trust requires 100% of members serving on the board of directors of an organization (excluding churches) to make an annual financial contribution, at some level, to support the organization; in addition to participating in fundraising activities. Directors are also required to attend board meetings, volunteer work when needed, and make significant efforts to gain community/business support.

b. Other Factors – General Operating Grants

Some other factors considered in reviewing a proposal for general operating support are:

- the community's need for continuance of the applicant's existence in relation to other similar organizations
- reasonableness of applicant's operating budget
- ability of the applicant to obtain funding and sustainability for organization

III. Foundation Deadlines

- **Requests – Must be submitted by 11:59 PM on the 1st of April, July, or October.**

There may be times due to unforeseen circumstances or unusually high volume, that a request may not be reviewed in time for the intended project. An average of 90 - 120 days is required to process a proposal, allowing for a possible site visit and for studying the proposal in relation to other activities of the Foundation.

Applicants will be notified in writing of the action taken on their requests. The recipient of a grant will be required to submit a narrative report specific to the Foundation's Reporting Guidelines on what has been accomplished as a result of the grant, and a fiscal accounting of the grant expenditures.

The Trust may receive more requests for assistance than what the available funds will allow. All qualified applications are considered, and each is reviewed based on its current and projected merit, provided it is in keeping with the Deed of Trust.

NOTE: Although not ordinarily required, an audited financial statement may be requested if circumstances warrant.
